

## Highlights from the Mayor

So as we wrap up our first five months on Council, I wanted to share with you some of the highlights we, as your new Council of elected officials have experienced. Shortly after being elected we were faced with staff vacancies in three key positions, Chief Administrative Officer, Director of Public Works and the Director of Parks and Recreation. However, in very short order we were able to fill all three. First we hired Kim Heyman as our new Chief Administrative Officer. In turn Kim hired Steven Jeffrey as Director of Public Works and Harvey Smyl as the new Director of Parks and Recreation. Our

new Directors and CAO have all fit in well and we are happy to have them on board. I especially want to acknowledge our staff who guided us through this difficult transition and kept everything running smoothly while most of us learned our new roles. Their trust and dedication meant so much to us as their new Council. A special shout out to Trevor Kotowich who went above and beyond until our new CAO was in place. I am also particularly grateful to have Gary Ward, Norm Noel and Ron Boisvert at the table. They have been so willing to share their wealth of knowledge with myself, Brad Eamon, Tyson deMoissac and Nathan Taylor as we learn the issues and challenges in front of us. Something you will be seeing soon will be a survey on how you, the community, think we are doing as your elected Council. We have made a commitment to measure the success of the work we do.

The first survey you will receive shortly, will be the base line measurement, then we will ask you again half way through our term, to make sure we are living up to community expectations. We may not be able to do everything everyone wants, but we want to ensure we are making the Town of St. Paul a better place to live. One of the things we are working on is updating common sense efficiencies. An example of something we have identified to implement is the easy digital access to policies and bylaws that effect all of us. In time we hope to be able to offer online application processes for everything from pet licences to permits. I plan to share a communication like this with you every few weeks to keep you all informed. If you have any questions, please do not hesitate to contact either myself and any member of Council with your questions or concerns.  
Maureen Miller, Mayor.
