PLANNING & DEVELOPMENT

Interested in building a fence?

A development permit is required if you are planning on installing a fence on your property. The regulations for Fences, Walls, and Hedges can be found under 7.13 (Pages 73 and 74) of the Town of St. Paul's Land Use Bylaw. A fence can be installed on your property line if you sign a declaration that you have located the survey pins. Summer time can be a busy time of year for Planning & Development, therefore, we ask you to please plan ahead. The processing times for the issuance of a development permit can be up to 40 days if all regulations (setbacks/heights) are met in the Land Use Bylaw.

A fence must be installed within your own property boundaries. These regulations do not authorize the development of fences on public property or utility rights-of-way, unless permission is granted by Council and an encroachment agreement is approved and registered on title at the cost of the landowner.

Please contact Planning & Development if you have any questions at 780-645-4481.
